

# iPhone Biometric Installation Instructions

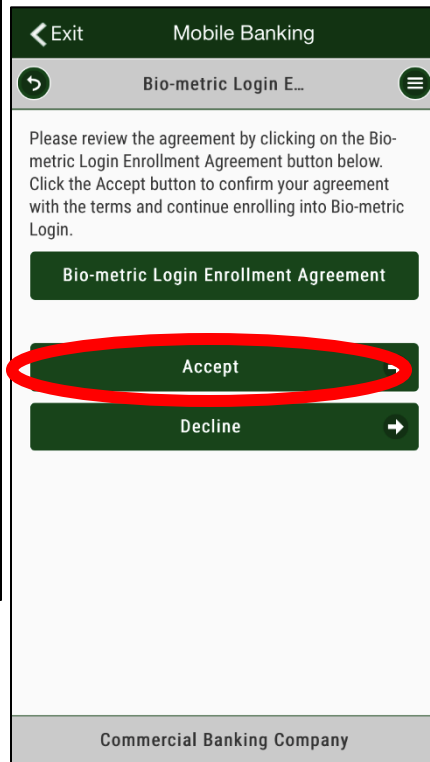

Follow these steps to enroll in the fingerprint/face recognition. \*These steps will only work once you have setup fingerprint/facial recognition on your phone.

1. Delete and reinstall your CBCBank App
2. Login in to the App – you will have to use password & verification

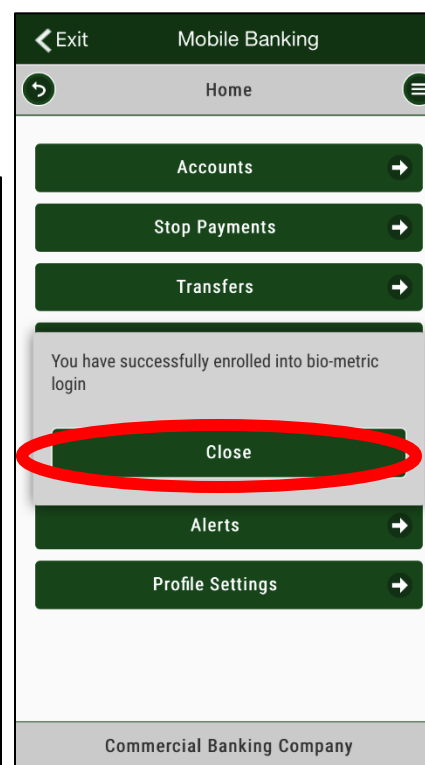

3. Click Biometric Login Enroll

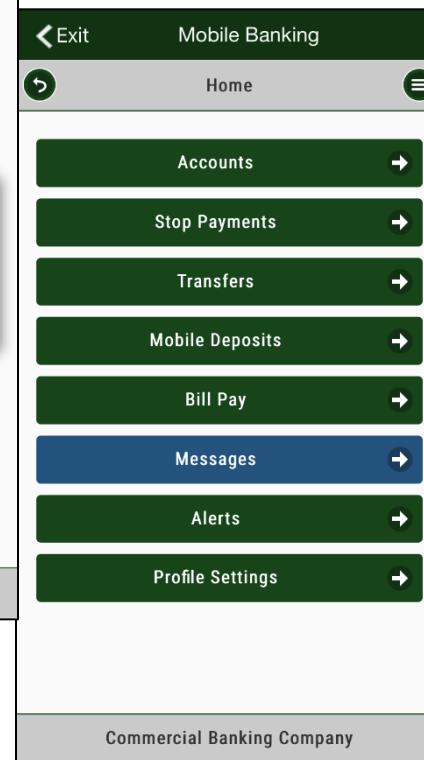

4. Read the agreement & Click Accept

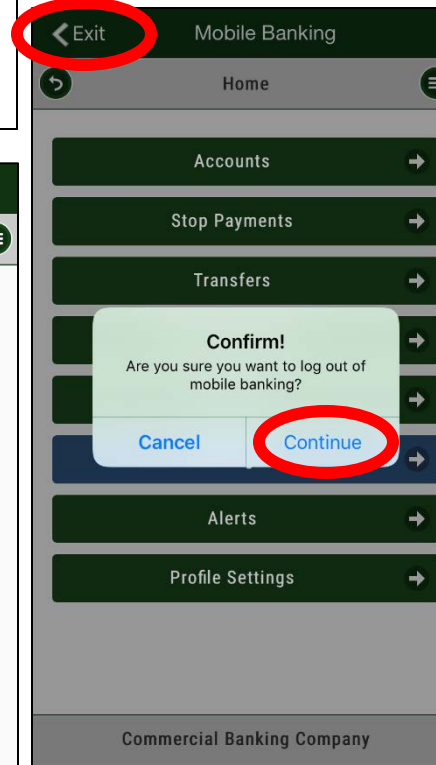

5. Click Close

6. This is what the main screen should look like once you have enrolled

7. Click Exit in the upper left corner. Click continue to fully log out

8. This will be the new login screen!
